*“Our wedding day!! What a special day thanks to you gemma. You listened to our wishes and moved into action. From our favours to colours, cake to flowers, decor and everything else you did for us - it was fantastic. The room looked amazing and classy and it was exactly what we imagined. People are still talking about it. Your attention to detail and enthusiasm was truly the icing on the cake!  
Thanks for making our special day one to remember forever. “*
